Estd. in 1982

## ABOUT US

SERVOCHEM L.L.C. was established in 1982 in DUBAI, U.A.E. and prides itself as one of the leading global chemical & service suppliers. We are a one stop shop offering a wide range of specialty water-treatment chemicals manufactured in-house as well as the largest stockiest of commodity chemicals & petrochemicals in the M.E.N.A. region. We have a state-of-the-art storage facility & a modern laboratory with unparalleled testing capabilities alongside various other technical support services for our esteemed customers.

## ADVANTAGE

- Quality-Controlled Lab
- Fleet of Vehicles & Trailers
- 24/7/365 Logistics & Service Support
- Prompt Personalized Service
- Extensive Experience
- Decades of Technical Experience
- Serving a wide range of markets

## VISSION & MISSION

**MISSION** = To provide the industry with quality affordable raw materials, delivered through personalized service

**VISION** = To develop a network of customers and suppliers, where together we create mutual enduring value

chemicals

## 20+

Countries covered

## History

Servochem L.L.C. has grown from humble beginnings to becoming one of the leading chemicals & solvents distributors in the Middle East.

Dr Suresh is highly renowned in the chemical industry, it is through his hardworking & perseverance the Company has been able to scale these verticals today. Starting Servochem in 1980, he utilized his extensive contacts personal relationships across the globe to establish a flourishing business bridging continents at a time when the tyranny of distance made communication difficult.

The ability to speak many languages allowed him to enhance his network as well as unearthing new and unexplored suppliers around the world. Delivering affordable, quality products until then was unknown to customers who of course came to appreciate his dedication to the old fashioned service.

Well known throughout the chemical world as a hard worker, relentless in his pursuit of the best options for both the customer and supplier, he had a keen sense for finding opportunities where others would have given up long ago.

At the helm of Servochem L.L.C.'s culture is indelibly stamped with his ethos.

# Oil & Gas

Upstream / Midstream / Downstream

## Demulsifier (SC 800's RANGE)

### Description

The higher quality raw materials and formulations to treat a wide range of emulsions stabilized by any parameter and 100% suitable for any demanding field conditions.

### Chemistries

- Polyimine Derivatives
- Sulfonates
- Resin Alkoxyates
- Diepoxides
- Modified Polyols.

## Paraffin Inhibitors, Dispersants & Ppd's (SC 400's RANGE)

### Description

Range of products to reduce the paraffin crystal formation, agglomeration and depositions.

### Chemistries

- Polyacrylates-EVA
- Polycarboxylates
- PAO
- Polyacrylates

## Asphaltene Inhibitors & Dispersants (SV-5000's RANGE)

### Description

Blend of chemistries determined to block the asphaltenes flocculation and agglomeration, to decrease interphasial phenomena and emulsion stability and/or production losses.

### Chemistries

- Esters
- Ethoxylates resins
- Branched and linear DDBSA derivatives.

## Defoamers (SC-8000'S RANGE)

### Description

Oil and water based defoamers to reduce the surface tension and improve the phases separation.

### Chemistries

- Silicon Based
- Non – silicon based

## Flow Improvers (SV-900's RANGE)

### Description

Special blend of chemicals designed under the most specialized analysis, targeting the production improvement and or increase; the recommended application is downhole onshore/offshore.

### Chemistries

- Surfactants blend
- Alcoxyated resins
- Foaming / defoaming agents
- Drag Reducers
- PPD and Polymers
- Friction reducers

## Corrosion Inhibitors (SV-2000's RANGE)

### Description

A wide range of chemistries to adjust any formulation exact to the challenges

### Chemistries

- Surfactants blends
- Imidazoline
- Amines and derivatives
- Phosphate esters

## Scale Inhibitors And Removals (SV-700's RANGE)

### Description

Chelating agents organic and inorganic nature to be adjusted to the wells and processes conditions

### Chemistries

- Polymeric scales inhibitors
- Phosphonates and derivatives

**SERVOCHEM**

# SOLVENTS

Alcohols, Glycols, Hydrocarbons, Ethanol Amines, Glycol Esters, Ketones, Chlorinated Solvents

## Alcohols

- 2-Ethyl Hexanol
- Ethanol (all grades)
- Iso Butanol
- Normal Butanol
- Iso Propyl Alcohol
- Methanol
- Morpholine
- N Propanol

## Automotive & Performance Fluids

- Antifreeze

## Glycols

- Mono Ethylene Glycol
- Di Ethylene Glycol
- Tri Ethylene Glycol
- Mono Propylene Glycol
- Di Propylene Glycol
- Tri Propylene Glycol

## Chlorinated Solvents

- Methylene Chloride
- Perchloroethylene
- Trichloroethylene

## Ethanol Amines

- Di-Iso Propanolamine
- Diglycolamine
- Mono Ethanol Amine
- Di Ethanol Amine
- Tri Ethanol Amine
- Methyl Diethanolamine

## Glycol Ethers / Esters

- EGMBE (Butyl Glycol)
- Mutual Solvent
- Butyl Tri Glycol
- Methoxy Propyl Acetate
- Methoxy Propanol

## Ketones

- Acetone
- Cyclohexanone
- Methyl Ethyl Ketone
- Methyl Iso Butyl Ketone

## Hydrocarbons

- Solvent Naphtha 100 / 150 / 200
- N-Hexane
- Toluene
- White Spirit
- Xylene

**SERVOCHEM**  
Estd. in 1982

# Desalination & Nuclear Plant

Water & Waste Water Treatment

## Wastewater

- Polyelectrolytes (Anionic/Cationic/Non-Ionic)
- Poly Aluminum Chloride
- Deoilers – Cationic / Anionic
- PolyDadmac and Polyamine

## RO Chemicals

- Membrane Antiscalants
- Membrane Cleaners
- Disinfectants
- pH Adjusters
- Biocides

## Cooling Towers

- Scale & Corrosion Inhibitors
- Dispersants & BioDispersants
- Phosphonates
- Polymers
- Biocides – BKC, Glutaraldehyde, DBNPA

## Surface Treatment

- Decarbonizers & Degreasers
- Specialty Cleaners - Aqueous based & hydrocarbon based
- Descaling & Derusting
- Acid Corrosion Inhibitors (Rodine)

## Desalination Plant

- Thermal Desalination Antiscalant
- RO/NF/UF Membrane Antiscalant
- Cleaning Chemicals
- Antifoam (silica and Non silica based)

## Boiler Treatment

- Corrosion Inhibitors
- Oxygen Scavengers
- Boiler pH Adjuster
- Boiler Antiscalants
- Boilout & Descalants
- Diethylene Hydroxylamine (DEHA)
- Cyclohexylamine
- Morpholine
- Carbohydrazide
- Hydrazine Hydrate

## Other Products

- Ion Exchange Resins (cationic and anionic)
- Turbine Cleaners
- Chelating Agent
- Cartridge Filters

# Specialty Chemicals

Taylor Made Chemistry

## Specialty Chemical

- H<sub>2</sub>S scavengers (SV-5000's range)
- Oxygen scavengers (SV-5500's range)
- Industrial cleaners (SV-30's range)
- Special products (Multi-function)
- Deoilers and water clarifiers
- Cementing additives

- Coagulants and Flocculants
- Biocides
- Pipeline Cleaning Chemical
- Hydrotesting chemicals (Surfactants)
- Gelling agents: water shut-off and crosslinkers
- Stimulation additives
- Drilling additives
